

From The Stewards of the Meeting
To: The Competitor – Elite Motorsport
All Officials

Decision N° 7

Date: 19 October 2025
Time: 09.15hrs

The Stewards have received a written report from the Technical Delegate in respect of car 67 (driver: Isaac Phelps) in which we are advised that, for safety reasons, the Competitor has changed the survival cell of the car.

Driver and car No: Isaac Phelps #67

Competitor: Elite Motorsport

Time (fact): 08.00hrs

Session: post Race 1

Fact: change of survival cell

Offence: Breach of Article 24.1 of the GB3 Sporting and Technical Regulations 2025

Decision: Car #67 is allowed to start Race 2 and Race 3 without penalty

Reason: The Stewards summoned the nominated representative of Elite Motorsport who explained that the team have discovered an issue with the survival cell of car #67 and had decided, on the grounds of safety, that the survival cell should be changed. The Stewards are alert to the reasons which have rendered the original chassis as unsafe for further use and, in the specific circumstances of this case, note that, although there has been a breach of the regulations, award no penalty. This Decision should not be considered as a precedent for future breaches of this Regulation.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting, within the applicable time limits.
