SC Procedure

SC Procedure

SC line 1 & 2

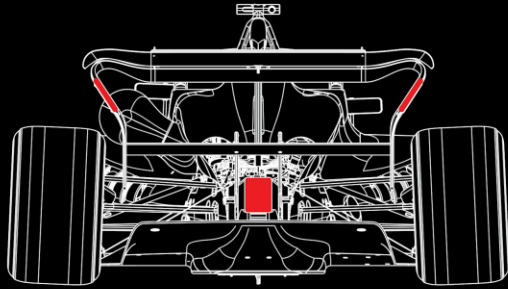

- SC1 (Safety Car Line 1) – This line is near where cars go into the pit stop area. Before this line, nobody is allowed to pass each other. After this line, there are special rules that might let you pass if you're going into the pits.
- SC2 (Safety Car Line 2) – This line is near where cars come out of the pit stop area. It tells drivers when it's safe to mix back into the race after a pit stop. If you're leaving the pit, you have to wait until after this line to pass anyone.

So basically:

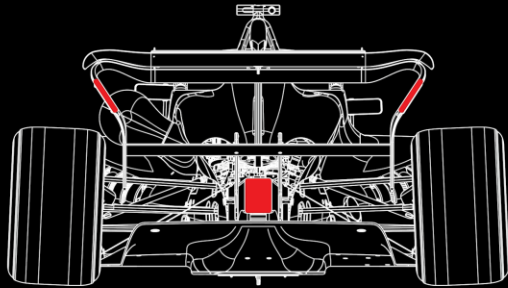

SC1 = No passing before here when the Safety Car is out.

SC2 = Before this line, you can overtake if you were in the pit.
